Annadata Sukibhava
The Annadata Sukhibhava Scheme is a welfare initiative by the Andhra Pradesh government that provides Rs. 20,000 per year to eligible small and marginal farmers. This amount includes Rs. 6,000 from PM-Kisan and an additional Rs. 14,000 funded by the state, aimed at supporting farming costs like seeds and fertilizers. It is part of the “Super Six” welfare agenda announced by CM Chandrababu Naidu, aimed at ensuring farmers receive timely financial relief and encouragement for agricultural production. Farmers receive the Rs. 20,000 annually in three installments, with the first Rs. 7,000 credited around August 2nd. Eligibility is open to small and marginal farmers in Andhra Pradesh who own land (including assigned or inam land), with selection conducted via Rythu Seva Kendras and village secretariats. Only one farmer per family is eligible. Around 47.77 lakh farmers have been identified as eligible. Farmers can verify their names on beneficiary lists at Rythu Seva Kendras, via the Annadata Sukhibhava portal using Aadhaar or KYC details, or check grievance modules until deadlines. e-KYC completion is required for about 1.45 lakh farmers, though the government has auto-completed it for over 4.4 lakh farmers. If a farmer’s name is missing from the beneficiary list, they can submit complaints at Rythu Seva Kendras or through the grievance module on the portal.

vikaspedia.in

The Annadata Sukhibhava Scheme is a welfare initiative by the Andhra Pradesh government that provides financial assistance to eligible small and marginal farmers. The scheme was relaunched on August 2, 2025, by Chief Minister N. Chandrababu Naidu.

Financial Assistance:

1. Farmers receive a total of ₹20,000 per year.
2. This includes ₹14,000 from the Andhra Pradesh government and ₹6,000 from the Central Government's Pradhan Mantri Kisan Samman Nidhi PM-Kisan Yojana.
3. The assistance is provided in three installments, with the first ₹7,000 credited around August 2nd.
4. Funds are directly transferred to Aadhaar-linked bank accounts.

Eligibility:

1. Small and marginal farmers in Andhra Pradesh who own land including assigned or inam land are eligible.
2. Tenant farmers are also eligible, particularly if they possess a valid Crop Cultivator Rights Card CCRC or Tenant Farmer Certificate.
3. Farmers must be current beneficiaries of the PM-Kisan Samman Nidhi Yojana.
4. Only one farmer per family is eligible.
5. Applicants must be permanent residents of Andhra Pradesh and have an Aadhaar-linked bank account.
6. Government employees, income tax payers, and those receiving pensions above ₹10,000 are not eligible.

Application Process:

1. Farmers can register their details with the Village Secretariat or Rythu Seva Kendras.
2. The application process is largely digital, with an official website annadathasukhibhava.ap.gov.in available for registration, updating information, and checking payment status.
3. Required documents include Aadhaar card, PM Kisan Nidhi Scheme Registration Number, bank account details, mobile number, color passport photo, and land-related documents.

Key Features:

1. Direct Benefit Transfer DBT ensures that funds are directly credited to farmers' accounts, promoting transparency.
2. The scheme aims to reduce farmers' debt dependence and boost agricultural productivity.
3. Around 47.77 lakh farmers have been identified as eligible, and over 46 lakh farmers are covered under the scheme.
4. Farmers can verify their names on beneficiary lists at Rythu Seva Kendras, via the Annadata Sukhibhava portal using Aadhaar or KYC details, or check grievance modules until deadlines.
5. e-KYC completion is required for about 1.45 lakh farmers, though the government has auto-completed it for over 4.4 lakh farmers.
6. If a farmer’s name is missing from the beneficiary list, they can submit complaints at Rythu Seva Kendras or through the grievance module on the portal.
